

JOB OPPORTUNITY

POSTING DATE: June 14, 2006
DEPARTMENT: Production
REPORTS TO: Operations Manager
JOB TITLE: Electronic Tech. I – Production
HOURS: 1st Shift, Monday-Friday

Purpose: Perform material preparation and light assembly work.

Responsibilities:

- Perform light electronic and/or electromechanical assembly work of moderate complexity in a wide variety of operations.
- Follow simple assembly and material preparation procedures.
- Work with parts or components that require special care in handling.
- Follow procedures and diagrams in performing engineering change orders as required.
- Solder through hole and surface mount device components on printed circuit boards.
- De-solder electronic components from printed circuit boards.
- Build system encasements and wire harnesses using a variety of hand tools.
- Identify opportunities for process improvements and suggest changes.

QUALIFICATIONS:

- Associates degree in electronics or related field required.
- Position requires lifting up to 50 lbs. on a non-repetitive basis. Manual dexterity needed for manipulation of small electronic parts, soldering and assembly work.
